Estimate: £400 - £600 + Fees

A rare pair of Chanel leather 'combat' boots, Autumn-Winter 1992-93, stamped to interiors and size EU 37.5, with gilt metal double 'C's to toes and 'Chanel' plaque to rear uppers, 39cm tall from base of sole; in a Chanel bag (3)

For this collection Karl Lagerfeld focused on leather, creating ensembles and accessories in either red or black, with details inspired by Bavarian military tailoring. Claudia Schiffer and other models can be seen walking the runway in these boots (which also came in red). For the finale a model dressed in head-to-toe red leather Chanel boxing gear, including gloves, jabbed and weaved her way down the runway to an applauding audience.
